Federal Election: Northern Priorities

Federal Election is around the corner. This is an opportunity for northern communities to collectively bring positive change locally, regionally, nationally and even globally.

With the help of extensive research and survey, PSAC North team identified ten priorities that concern people in the Yukon, Northwest Territories and Nunavut. PSAC North encourages members, supporters and the public to attend forums, townhall meetings, debates, etc. and ask candidates questions that matter to them and their communities. The following identified priorities will help guide individuals living in the North on possible questions to ask Federal Election candidates:

1. True Commitment to Climate Action
2. Combat Food Insecurity in the North
3. Invest in Indigenous Education, Employment and Health
4. Universal Pharmacare
5. Childcare for All
6. Affordable Housing for All
7. Pension Protection and Retirement Security
8. Protect Human Rights and Dignity
9. Ensure Better Mental Health and Substance Abuse Supports
10. Eradicate Poverty
