

## Yukon Health and Safety Committee

### Public Service Alliance of Canada (PSAC)

- The Health and Safety Committee will work diligently to deal with health and safety issues by jointly collecting information from representatives of all member locals. We will assist member locals to work with their local health and safety committees through political action and education.  
<http://psacnorth.com/our-organization-4>

### Functions of the Health and Safety Committee

- Establish relationships with local Health and Safety Representatives and members who sit on joint workplace committees
- Establish links with regional Health and Safety activists
- Provide information for the Council on all regional matters relating to health and safety; i.e. issues, campaigns, gains
- Provide input to the Regional Executive Vice-President (REVP) on the delivery of the Health & Safety activities budget
- Provide input to the REVP on the organization of the triennial Regional Health & Safety conference.

Once links have been established with locals and *Health and Safety activists*, the committee could then assist the PSAC North Regional Council in –

- Promoting a proactive approach to Health and Safety
- Promoting a greater emphasis on worker rights in safety and health legislation
- Promoting proper enforcement of health and safety laws to ensure a health, safe and stress free workplace
- Promoting the training of health and safety activists so that they remain effective in all aspects of health and safety activities, in both the union and the workplace
- Promoting annually, the National Day of mourning, April 28<sup>th</sup> (Yukon Federation of Labour)
- Providing resources to members on Health and Safety issues
- Providing support to workplace committees to assist them as needed
- Promoting the elimination of hazards in the workplace
