PSAC North Yukon Regional Women's Committee

*Empowering
Women!*

We participate in conferences, education and training programs on issues that affect women in the North.

Mandate of PSAC North Yukon Regional Women's Committee

The objectives of the PSAC North Regional Women's Committee are to identify, promote and assist union actions by:

Educating, politicizing and mobilizing women by making links between themselves, the union, the workplace, the community and equality rights

Empowering, uniting and engaging all women to take action and move the women's rights agenda forward

How we can make a difference?

If you want to tackle issues affecting women and work for positive change, we're your committee.

Add your voice and ideas and help make change for women in and out of the workplace.

Our conference call meetings can easily accommodate you – no matter where you live in the Yukon.

Let's organize events and initiatives to ensure an end to violence against women, access to public not-for-profit child care, strong public services, pay equity, an end to poverty, job security and equality in everything.

Our committee is vibrant and growing. We thrive on the diversity, experience and friendships that surround our table.

Stay connected to the issues... and the solutions

We participate in conferences, educational and training programs on Women's issues.

We ensure and promote representation of Women members, their issues and equality goals in the various union bodies, programs and social justice groups.

We sit on the National Human Rights Committee and other PSAC National and Regional bodies . . . and much more.

Join our growing team!

Join our committee and pursue your area of interest. There is room for everyone who wants to make a difference.
